Esraa Nasr Ibrahim

Science & Biology Educator

Interactive learning | Primary science | Child-centred teaching

PROFESSIONAL PROFILE

Science educator focused on making complex ideas visual, interactive and age-appropriate. Designs lessons that move from curiosity to observation, discussion, hands-on practice, assessment and confident explanation.

EDUCATION

Faculty of Education - Biology	Alexandria University
Science Diploma	Ain Shams University

TEACHING STRENGTHS

- Primary science lesson design
- Interactive presentations and activities
- Early-years friendly explanation
- Student questioning and enquiry
- Parent-friendly progress communication
- English / Arabic classroom support

DIGITAL CLASSROOM APPROACH

Uses visual learning, short interactive missions, formative checks and progress evidence to help children understand concepts rather than memorise isolated answers.
